

Harare Garden Bird Survey

Invitation to the residents of Harare to join BirdLife Zimbabwe in the latest garden bird survey and become a citizen scientist. (May 2016 – April 2017)

The first step is to get you registered, so we get to know your contact details and what your garden looks like. Once registered, you will receive an information document and the first three HGBS Sheets.

We encourage you to get your friends and family members to also participate in this survey and we also encourage all participants to brush up on their bird identification skills by coming along on any of the bird walks organised by BLZ Mashonaland – all these outings are advertised in the monthly Ndeipi magazine and on the BLZ website.

Kindly fill in the attached registration form and email it to: 2016hgbs@gmail.com
